## Mercedes-Benz Care

There is nothing like the feeling of driving a Mercedes-Benz. And the best way to maintain that feeling is to insist on genuine parts and accessories fitted by factory trained technicians at authorized Mercedes-Benz dealers.

All scheduled service is necessary to maintain your vehicle in perfect operating condition. Your Mercedes-Benz Dealer is equipped with the tools and trained personnel to get the job done right. When you choose Mercedes-Benz Genuine Parts, you also enjoy the peace of mind that comes with our Vehicle Service Parts Limited Warranty. So your vehicle retains more of its value, and you continue to enjoy the comfort, style and performance you expect from Mercedes-Benz.

**Introducing Aquapel Glass Treatment.** Aquapel is a brand new glass treatment available from your Mercedes-Benz Dealer. Specially-trained technicians apply Aquapel to your windshield or any other glass surface where water, snow, ice and bugs can make it difficult to see. It lasts for months – longer than any competitive product. Ask your Mercedes-Benz Dealer about Aquapel today.

**Summer Tire Tip.** Taking care of your tires is especially important in summer. Longer trips, higher speeds, heavier loads and higher temperatures can all put extra stress on your tires. Remember to check your tire pressure at least once a month, when the tires are cold. Check your reading against the recommended tire pressure listed inside your vehicle's door jamb or in the owner's manual.
