AT -10 DEGREES, ALL-SEASON RADIALS TEND TO RIDE LIKE THIS

VOLVO
for life

Even the best all-season radials aren't designed for all conditions. Tests show that serious winter conditions requires serious winter tires.

Winter tires offered by your Volvo retailer have been carefully tested for your car. With their unique tread design, higher natural rubber content and superior grip, they can give you better control, safer steering and faster stopping in tough winter weather.

Visit your Volvo Retailer soon, and steer clear of ice and snow hazards this season.
